Dear Property Owner:

As you may be aware, the Wisconsin Department of Transportation has initiated an Access Control Project on US Highway (USH) 61, from Dickeyville to Boscobel Road. The purpose of the project is to preserve the flow of traffic on USH 61 in terms of safety and capacity while providing reasonable access to property along the highway.

As a property owner along this corridor, your assistance is needed. Enclosed you will find a preliminary plat sheet describing your property and its access points. We request that you review the enclosed materials to ensure that we have accurate information regarding your property.

STEP 1: The area highlighted in green on the preliminary plat sheet shows the boundaries of your property. This information was based off of the tax maps and tax listing information that was received from Grant County. Please verify the limits of your property.

STEP 2: The information below is the owner information that we received from Grant County's tax listing. Please check to make sure that the owner name and address listed is correct for the property described in STEP 1.

Name: Grant County
Address: 130 W. Maple Street, Lancaster, WI 53813

STEP 3: In a field review, access points (driveways) within the USH 61 right-of-way were located. During this review, it was determined that access to your property was gained by other means. Please verify that we have the correct information regarding where you obtain access to your property.

Access is via C.T.H. T.

STEP 4: Using the enclosed postage paid envelope, return this letter and the preliminary plat sheet to us with any corrections to your property information.

If you have any questions or concerns, please feel free to call Heidi Schwarz or myself at 800.732.4362.

Thank you for your assistance,

Joanna Bush
