SURVEYOR'S NOTES:
Parcel "B" survey by Sean Walsh dated 4-22-1994 does not close. The error appeared to be along the line recorded as: S 77°15'31" E 263.22'. A found monument at the distance of 332.10' (on the right of way for County Highway "K") was utilized as the intent of the conveyance. By utilizing this rebar, it also fits monuments found to the North along County Highway "K" as established by Sean Walsh. Section 31 was previously subdivided by a Survey 1 performed on October 20, 2003, Job No. 038257. I utilized the information collected for that survey, to establish the necessary lines of the portion of this survey located in Section 31. Surveyor has made no investigation for easements of record, encumbrances, restrictive covenants, ownership title evidence except as specifically shown on this plat. No distance should be assumed by scaling. No improvements have been located unless shown and noted. No representation as to ownership, use or possession should be hereon implied. Refer to abstract, title or local ordinances for any additional restriction, encumbrances or building setback lines. No abstract, nor title commitment, nor results of title searches were furnished the surveyor.
