SURVEYOR'S NOTES:

Part of this survey was retraced from a previous survey by Carl Schoenhard Jr. dated 8-23-1982. Differences may exist between the description provided (which was recorded in Volume 670, Page 916 as Document No. 538863, Grant County Registry) and the dimensions of this survey due to the fact that it did not appear that the Carl Schoenhard Jr. subdivided Section 7. This property was retraced based upon calls located within the description provided and adjoining Certified Survey Maps. Fences shown on this survey were measured at random locations. Possession and occupational rights MAY have been acquired to the fence and it is not known if the fence is a fence of convenience or if it is intended to mark the boundary. This survey was prepared with the intent of following the lines shown and described hereon. Surveyor has made no investigation for easements of record, encumbrances, restrictive covenants, ownership title evidence except as specifically shown on this plat. No distance should be assumed by scaling. No improvements have been located unless shown and noted. No representation as to ownership, use or possession should be hereon implied. Refer to abstract, title or local ordinances for any additional restriction, easements or building setback lines. No abstract, nor title commitment, nor results of title searches were furnished to the surveyor.
